TECHNICAL DATA SHEET

CF/PS882 PVC/NBR CELLULAR FOAM, BLACK

Available in sheet or roll form, die cut parts, without adhesive (CF) or with a high tack rubber adhesive one side (PS).

Product Description

Density (lbs/cu.ft)	6.00 to 10.0
50% Compression Set	25% max
Compression Deflection 25% (PSI)	5.0 to 9.0
Tensile Strength (PSI)	75
Elongation (%)	100% min
Flammability - MVSS 302 - UL 94	Approved Approved
Water Absorption (lb/ft ²)	0.1 mx.
Temperature Range	-40°F to +200°F
