TECHNICAL DATA SHEET

NT722 DOUBLE COATED POLYURETHANE FOAM BLACK

Product Description

NT722 is a thermal barrier tape consisting of high density, flexible urethane foam. The product is supplied in roll form with a protective plastic liner on one side.

<i>Physical Characteristics</i>	<i>Result</i>	<i>Test Method</i>
Density (lbs./cu.ft.)	22	ASTM D-1667
Hardness (Shore A)	30	ASTM D-2240
Tensile Strength (PSI)	130	ASTM D-412
Elongation (%)	105	ASTM D-412
Force to Compress @ 10% (PSI)	16	ASTM D-1667
Recommended Service Temp	-40°F to 180°F	
Adhesion	45 oz./in.min.
